## ORGANIZATIONS

## HOBBIES

Family and learning about other  
cultures

## RESEARCH EXPERIENCE

### INSTITUTE OF MATERIALS SCIENCE

[DR. LUYI SUN](#)

His current research at the University of Connecticut under Dr. Luyi Sun aims to develop flame retarding systems that can be applied via simple dip coating. Through the combined chemical and nanostructure methodologies, the research aims to impede combustion propagation and result in a self-extinguishing effect.

## EDUCATION

### PH.D. IN MATERIALS SCIENCE

University of Connecticut  
Anticipated Graduation:

### B.S BIOMEDICAL ENGINEERING

The University of Alabama at Birmingham

## PRESENTATIONS/PUBLICATIONS

- Williams, (2017). Stress Management [PowerPoint slides].
